PROF. JNO. F. DRAUGHON PRAISES IMPGO LINIMENT

Conscientiously Recommends Imgo
Liniment as a Prompt Relief
for Rheumatism.

Pres. John F. Draughon, president of Draughon's Business college, says—after being stricken with acute rheumatism—he suffered the most excruciating pains, day and night, until with the approval of his physician he tried Imgo Liniment, the result was almost instantaneous. Since then I have had occasion to use Imgo Liniment frequently, and I have found that the pain subsides as soon as Imgo is applied. It is my understanding that it is customary to keep sciotic patients more or less under the influence of an opiate for several weeks, in order to deaden the pain, I much prefer Imgo Liniment, because it relieves the pain promptly when properly applied, without leaving any bad after effect. I conscientiously recommend Imgo Liniment as a prompt relief for the intense pains of sciotic rheumatism. Very truly,

JOHN F. DRAUGHON,
All druggists, 25c and 50c.
